GN6

Enjoy for More

Goodbye boredom
Goodbye restrictions
And good riddance
Witness the beauty of nature

Feel the pleasure of breaking out of yourself
Release a passion hotter than love
Joyfully participate in life
Master the art of having it all
Don't sit on the sidelines when caught in certain occasion
Don't confine yourself to only one possibility
Don't hold yourself back for the current achievement
Indulge in every possibility
Pamper yourself with all that is good and beautiful
This is where real life is

The Powerful and Spacious MPV
GN6 Enjoy for More

Vigorous fight to reveal the Grandeur,
Magnificence and Splendor of Craftsmanship
Sharp and Elegant Exterior

Vigorous and grander design

Capture the eyes of the
world, showing your
style at every occasion.

Elegance? Dynamism?

Or should we just say "beauty"?

In casual settings

You will look laid back

And appear casually stunning

On every corner in every city

People will turn their heads

But so what?

Your style is already spreading
around the world

The next trend is waiting for you
to start it

Concealed D Pillar

Designed with a concealed D pillar, the car chassis shows great safety, effectively reducing the damage and danger of side and rear collisions.

Curved Rear-View Mirror Design

The design of curved rear-view mirror is adopted to achieve the best aerodynamic performance and thus effectively reduce the high-speed wind noise.

All-new Flying Dynamics Frontend Design

The Light-and-Shadow Sculpting 3.0 design gives the car a unique elegance. The stylish grille is echoed in the curves of the vehicle. The wing-shaped daytime running lamps extend the Flying Dynamic design through the grille for a greater sense of motion.

Jumping Dolphin Curvature

Inspired by the motion of swimming dolphins, the aerodynamic curves on the car body give it a slender but stable appearance.

An Integrated Shark Fin Antenna

With various powerful electronic functions, the shark fin antenna is a perfect combination of fashion and functionality.

17-inch MICHELIN PRIMACY 4 Tyres

New Style and Elite Appearance

4780mm in length

The GAC GN6 introduces a redefined MPV design. The 2810mm wheelbase ensures ultra-large capacity. The cutting-edge design injects new life into the conservative MPV field.

/ Dynamic and Avant-Garde LED Lights

Dazzling matrix LED Headlights

In the shape of the wing of a flying bird, the LED matrix lights create an indelible aura of power. The built-in ALS automatic headlight can adjust the lighting angle according to the driving status and thus provide stronger safeguards during the travel.

Connected LED Taillights

Drawing on a jewel inlay design, the 230-diode LED lights provide true illumination. The tricolor injection molding process ensures unique and superior light quality.

Airfoil LED Fog Lights

Based on an airfoil design, the fog lights have simple lines and a rich sense of depth, which reinforces the powerful impression of the front end.

Wing-shape LED Daytime Running Lamps

The LED light matrix is designed with three lights of decreasing size. The form is perfectly integrated with the front grille, for an exquisitely tasteful appearance.

Welcome each step in
your journey, knowing
more beautiful stories
are right around the
bend

Sitting? Lying down? Or doing
yoga?

Adjust yourself any way to find
the most comfortable posture

Of course, if you want to

You can even have a meeting in
here

Kick off a party to enjoy your fun
time

You can think of it as a bedroom

It is your own personal mobile
hotel

With enough space, wide seat
spacing, and a stunning interior

It is the perfect settings for some
great stories

Super spacious
interior
Combining space
and style, you can
enjoy a full range
of movement

Super Spacious Interior

Super spacious interior

Ample, Soft, and Environmental Door Trim

The door trim is constructed from carefully-selected soft and environmentally-friendly material, creating the perfect fusion of nature and modernity, fashion and dynamism.

Experience More Space

1860mm 7 Seat Design

The 1860mm ultra-wide layout easily accommodates seven seats, making this the perfect car for road trips with your friends.

Leather Multi-function Steering Wheel

The car is equipped with a genuine leather multi-function steering wheel for a more refined sense of control.

The center console adopts a fighter cockpit wraparound design, putting all controls within easy reach of the driver.

Customizable Console Storage

The open-style operations and personalized console storage design let you place small, often-used items (e.g., pens, plastic ID cards, smartphone, keys) with easy reach at all times.

Electric 6-way Adjustable Driver's Seat

The "zero pressure sensing" driver's seat is equipped with a 6-way control for ease of adjustment. The spacious interior gives you the freedom to move in all directions.

A Smart Homely Interior

All wonderful enjoyment comes from a thoughtful preparation. This model comes with light and dark interior for you to choose from. The ambient lighting and audio system provide the driver and passengers a smart and homely driving experience.

Negative Ion Purification + PM 2.5 Air Filter + AQS

The car is equipped with negative ion purification, PM 2.5 air filter and air quality control system to quickly eliminate particulates and odors and provide a fresh environment.

DENSO Dual-Zone Automatic Air Conditioning

Working with the prestigious climate control system provider DENSO, we developed an innovative dual-zone climate control system, which can meet the cooling and heating needs of driver and passengers in different zones in the vehicle.

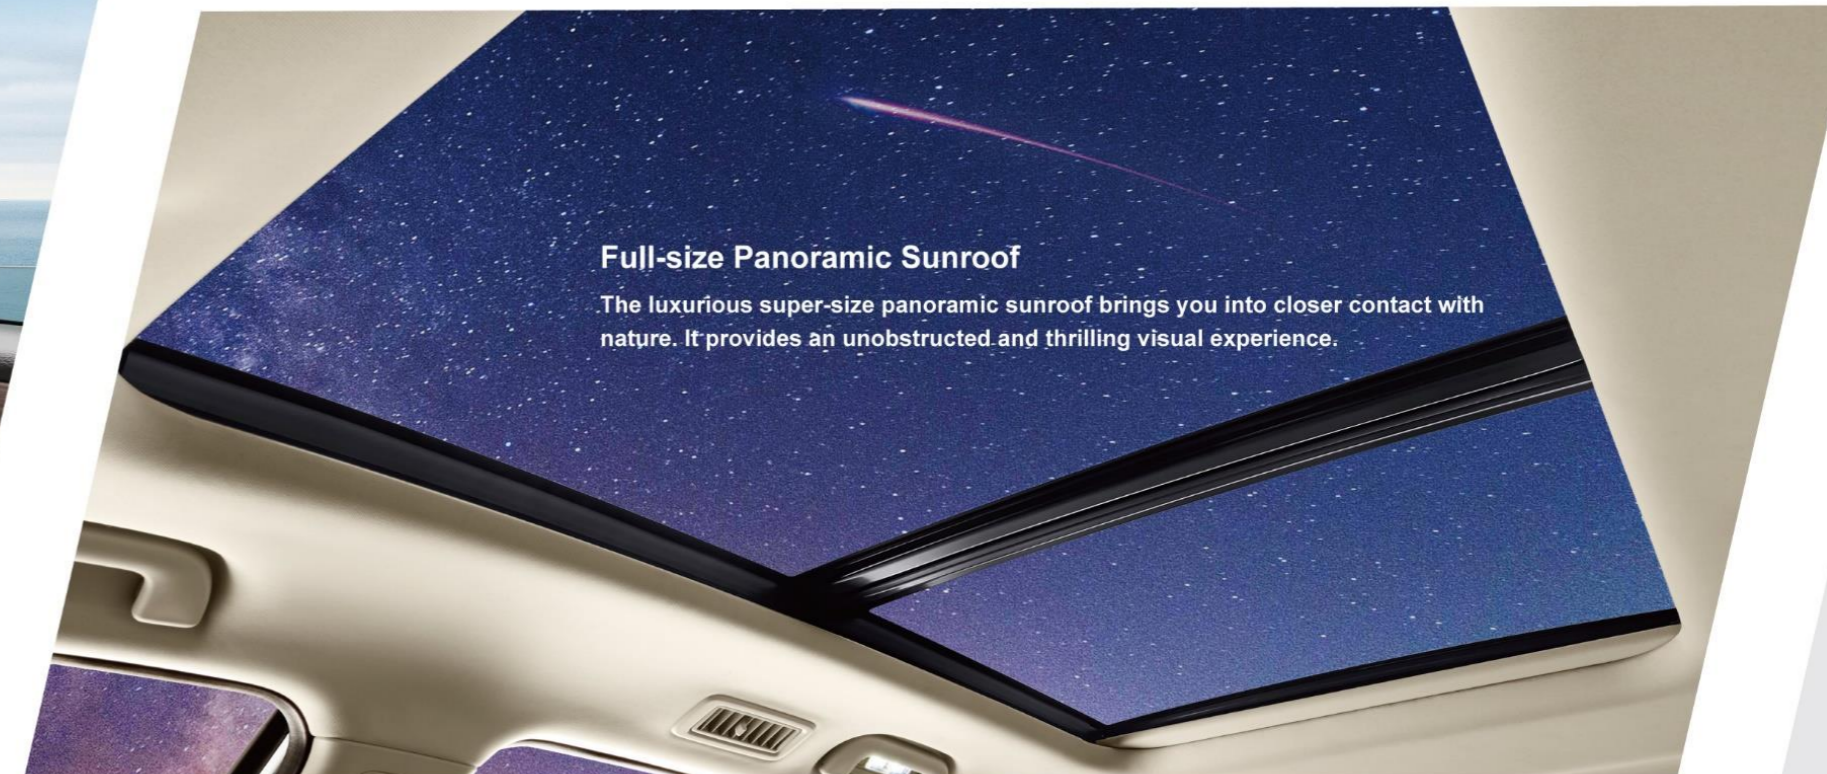

Spacious and Luxurious Second Row

190mm ultra-wide second row aisle

The industry-leading 190mm ultra-wide second row aisle makes for easy communication between the second and third row passengers. Passengers can enter and exit with ease and comfort.

Full-size Panoramic Sunroof

The luxurious super-size panoramic sunroof brings you into closer contact with nature. It provides an unobstructed and thrilling visual experience.

Panoramic Sunroof Button

The sophisticated button with anti-pinch function allows you to open the panoramic sunroof and feel closer to the nature with a simple press.

Quiet and Environmental Cabin

Focusing on the comfort of the driver and passengers, the car adopts a design to lower its air resistance to 0.33, creating a super quiet space. The strictly selected VOC high-quality eco-friendly materials, together with the PM 2.5 air filter, help build a comfortable and eco cabin for you.

Ergonomic Leather Seats

Ergonomic seats wrapped in genuine leather with four-way adjustable armrests and pillow suitable for sleeping, create a quiet and comfortable place for you to rest and relax anytime. Child seat is installable.

/ Flexible and Free Third Row

1100L Ultra-large Magic Luggage Space

Flexibly adjust the third-row and trunk space. Flip the third row under the floor to expand the trunk space so it can fit fourteen 20-inch bags. Enjoy extraordinary versatility.

Adaptable Third-row Seats

Change the seat position as needed, while enjoying the same comfort and convenience. The seats are designed for the human body, with a personalized 4/6 seat layout. The perfect tilt provides leg support and comfort to the highest degree.

324L Dedicated Trunk Space

Even with seven seats, you still get 324L in luggage space, enough for four 20-inch bags. This lets you accommodate both passengers and luggage.

Open and Comfortable Third Row

The comfortable and spacious third-row seats provide a relaxing ride. It is designed for comfort and opens up wider horizons.

Safe and comfortable driving

Seeing the world has never been so comfy
Safe and Comfortable Driving
Safe and comfortable driving

**Driving is fun in itself, Go
find the world's beauty**

Forward, right, or not looking at the
navigation?

The unexpected is always better than
following the rules

Fly with your friends like a flock of
birds

Go to the card store or the park for the
day

A novel sensation from constantly
trying new things

Always feel safe and comfortable

Go out, go anywhere, go in your own
way

/ Technology Keeps Us Moving Forward

L-type McPherson Strut + High Rigidity Torsion Beam

Exquisite craftsmanship delivers a comfortable and stable ride. The carefully tuned independent suspension reduces pavement vibration. The upgraded hydraulic cylinder molding technology improves the stiffness of the torsion beam to better suppress high-frequency vibration.

Aisin 6-speed Gearbox

The 6-speed automatic transmission features self-learning and adaptive smart control functions, along with a neutral control function. It gives you all the power you need to get out on the road.

Third-gen Ti POWER Smart Engine

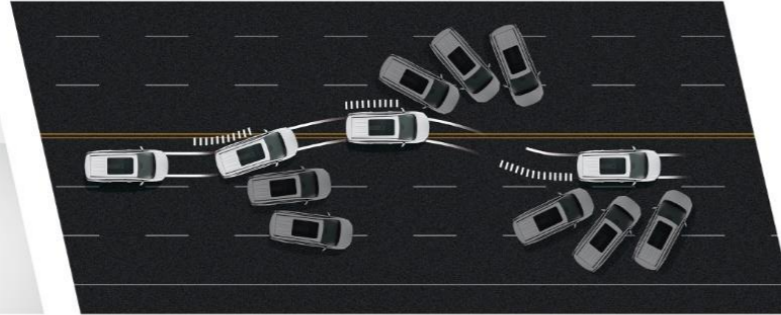

Superior power is the only way forward. The third-gen high-performance powertrain delivers 270T+1.5T+6AT. It combines world-leading in-cylinder direct injection and turbocharging technology to provide high power.

/ Safe and Enjoyable Environment

High-strength Safe Chassis + Zero-vibration Silent Cockpit

With the GAC high-strength chassis design, 95% of the cabin uses high-strength steel, far exceeding the industry standard of 55%. The intrusion prevention doors are far superior to international standards. The car does all it can to protect those inside.

Bosch ESP 9.3

Fast and accurate stabilization has never been so simple. With Bosch's ESP 9.3, the ESP is actively and safely engaged, with a response speed faster than the previous version. The 14-in-1 active safety system provides HHC uphill assistance, HDC downhill assistance, and other functions.

EPB + AutoHold

The advanced electric parking brake system provides an auto braking response in 0.1 seconds and 10-minute ramp parking hold time. Even in extreme environments of -40°C, the car performs automatic hydraulic pressure compensation to improve braking performance.

Surround View Parking System

The cabin adopts a five-star safety design, while the center console shows four camera angles and a 360° aerial view. By providing visual lane-change assistance, it can greatly endow the driver with the self-confidence and makes it easier to park.

Tire Pressure Monitoring System (TPMS)

The direct sensors allow the on-board computer to display the tire pressure and temperature in real time. It warns of abnormal pressure readings, leaks, and other events to prevent accidents before they happen and extend the life of your tires.

Comprehensive safety protection

The car is equipped with 6 full-coverage air bags and double pretensioner and locking seat belts. The double pretensioner, load-limiting seat belts in the front seats and pretensioner, load-limiting seatbelts in the second row provide complete safety on the road.
